Welcome from the Designated Safeguarding Lead

Welcome to PSI. Keeping every pupil safe and supported is our highest priority. The DSL Team are here to ensure concerns are taken seriously, acted on promptly, and that staff, pupils and families have clear routes to help. Please speak to any member of staff or contact our DSL Team directly if you have worries about a child's safety or wellbeing. Together we create a caring school where every child can thrive.

What is safeguarding?

Safeguarding means protecting children from harm, preventing abuse, and promoting their physical and emotional wellbeing. It includes safe recruitment, effective policies, teaching children how to stay safe (including online), and working with families and agencies so every pupil can learn in a secure, supportive environment.
